

RCB Flying Eagle Marching Band

Make-up assignment guide

I missed a rehearsal/performance. What do I need to do?

- Follow the directions listed below for the specific event you missed

When is the make-up assignment due?

- 2 **school days** after your absence. For example: If you missed a football game on Friday, the videos must be posted by Tuesday. If there was no school on Monday, then the assignment is due on Wednesday.
- Any video submitted after the designated deadline will not be graded. You will receive a “0” for that assignment.

FlipGrid Basics

- FlipGrid is a free app that can be downloaded on any smart device (including the school iPad) or on a computer.
- Students use their school email address (@stu.k12.wv.us) to access FlipGrid
- The FlipGrid can be accessed through the app or at this web address <https://flipgrid.com/deems2357>
- Students can either upload videos from their device or record directly using FlipGrid
- Each song or routine that is recorded needs to be done in individual videos because of length limitations
- Auxiliary members who need recordings for their routines can search for the music on JWPepper.com
- **You must record yourself for each missed performance.** You can not “reuse” videos. Any video that is deemed to be “reused” will result in an automatic failure of that assignment and possible referral to the office for academic dishonesty.
